Current members ONLY!

November 2026 – It is renewal time again…

We still have **non-active** and **active** memberships.

A new member is automatically a non-active member. After a new member is a member for one year, the following year they may renew as either a non-active member or an active member.

A non-active member pays a higher yearly dues, and does not have to help with any club activity, event, or function to secure their yearly membership price.

An active member pays a lower yearly dues, and in return for the lower yearly dues must help with club activities, events, or functions and/or help with routine maintenance and upkeep of the club, to secure their yearly membership price. The committee chair person will track member participation throughout the year.

Committees are as follows:
Clubhouse/Kitchen, Archery, Trap, Pistol, Rifle, Lake and Maintenance

These changes have become necessary because almost all of the club activities, events, and functions are currently being done by a small limited group of people. We either need to increase participation by you, our members, or raise the yearly dues to avoid the need to hire outside help.

The price to be a **non-active** member for current members is $120.00 per year.

The price to be an **active** member for current members is $80.00 per year.

The price for **new** members is $120.00 plus an initiation fee of $80.00.

If any member signs up to be an active member but does not participate as required throughout the year, that member will then be barred from signing up to be an active member the following year.
We will be checking participation from this past year as well as membership with the NRA.
Please be honest when filling out your form as to participation and if you are currently a member of the NRA.

Meetings are held the last Wednesday of the month at 7:30 PM

www.emsportsmen.com

For any questions and to see what is going on at the club, please check out our website.

Please note that we are accepting membership dues at the below link this year. Please see the below or email the club for questions.
